Cell Number: 301-646-0046

Built during the American Revolution, this extraordinary historic stone manor home has been beautifully restored & renovated, featuring 7 bedrooms, 7 bathrooms, 2 powder rooms, 10 fireplaces with original mantels, 4 full levels of living space, a spacious modern addition and much more. Steeped in the wonderful history of early America, there is a joy to the Wayside Inn that lives in its 20" stone walls and echoes through the rooms with the resonating sound from heart pine wood floors. The deep window sills and hand modeled wood trim, the grand center hall and wide staircase, all strike a delicate balance with an expansive modern addition, allowing the fortunate steward to tread gently through 3 centuries of American history without leaving home. This is a unique manor of historic architectural significance, thoughtfully updated for comfort in the 21st century. With 6 generous bedroom suites, 2 kitchens, nearly 2 acres with a pond and a superb location, this is a gracious historic estate of exceptional quality. Though the home was built in 18th century, the heating, air conditioning and core utilities are all modern. This property's R-20 zoning includes a special exception for a B&B/inn, and the historic property designation offers unique small business opportunities (law office, architect, etc...).

Light and airy, warm and welcoming, the Wayside Inn in historic Ellicott City is a home of rare and beautiful distinction, close to Baltimore & DC, yet a world away.
