

Beautifully Restored Historic Home on the Raritan River

\$799,000

Address:
60 River Road Flemington,
08822 New Jersey

Bedrooms: 3

Bathrooms: 3

Historic 1740s farm house in Historic District has been custom renovated and restored retaining many original features and updated with modern amenities including energy efficient on-demand natural gas heat and hot water. Features custom handcrafted doors and cabinetry from original flooring and hand-cut oak beams used as fireplace mantles. Open floor plan features eat-in-kitchen with heated floor & wet bar flowing to the breakfast room, DR, LR & pool. MBR features sliding doors, gas fireplace and views of the river and pool below. Professionally landscaped grounds with spectacular landscape lighting, privacy hedging, new designer pool and river side patios sitting atop a stone cliff overlooking the South Branch of the Raritan River where you can river tube, swim or fish! Grounds include original well house, your own mill & dam. Built by the Shippen Family (whose daughter married Benedict Arnold), this home sits high above any flood plain. The current owner has also designed a large 3 car garage with workshop and large pool room/gym. Plans are available.
